The committee members were given an opportunity to visit with department heads to determine how these goals were going to be accomplished.

We need to identify programs so there is not a duplication of work for the various departments.

We do have a Farmers Market that runs from June 21 thru August 18, 2007 – We need to advertise it a little differently where it will draw a much larger crowd and possibly add an assortment of vendors with different items for sale, other than just fruits and vegetables.

The Committee is to review the Tactics and provide constructive feedback by May 17, 2007 and we will combine all of these to discuss at the next meeting.

Item for Next Agenda:

Publication Committee – How are we going to get the word out to the citizens about the work we are accomplishing on the Vision Plan. The possibility of using service organization mailing lists was one idea.

Meeting adjourned at 6:50 p.m. – Next meeting scheduled for May 24, 2007, 5:30 p.m., Conference Room
